HEALTH AND SAFETY

Hydraulic Repairs & Field Services, as a Close Corporation entity, strive to supply, maintain and develop a positive consistent growth with our personnel, stakeholders and suppliers that our activities are managed sustainably, effectively and efficiently for the benefit of the South African economy. In order to achieve this, we have adopted safety, health, environment, and quality (SHEQ) management as a business imperative for sustainable business performance and improvement.

The ACT

No. 85 of 1993: Occupational Health and Safety Act
as amended by
Occupational Health and Safety Amendment Act, No. 181 Of 1993

ACT

To provide for the health and safety of persons at work and for the health and safety of persons in connection with the use of plant and machinery; the protection of persons other than persons at work against hazards to health and safety arising out of or in connection with the activities of persons at work; to establish an advisory council for occupational health and safety; and to provide for matters connected therewith.

(English Text Signed By The State President)
(Assented To 23 June, 1993)

With our commitment to Safety, Health, Environment and Quality, we shall:

- comply with applicable legislative and other requirements (ISO 9001 & OSHACT)
- address the needs and expectations of our customers and stakeholders
- ensure that SHEQ is an integral part of our operations and that no operating condition, or urgency of service, justifies exposing anyone to negative risks arising out of business, causing an incident or damage to the environment
- ensure that SHEQ objectives are established and periodically reviewed

Health and Safety Policy :

Hydraulic Repairs & Field Services will integrate safety, health, environment and quality requirements into its activities so that decisions are made to ensure the consideration of economic development, environmental quality, and social equity. This will assist in the continual improvement of performance and the achievement of stakeholder requirements.

Hydraulic Repairs & Field Services will strive to maintain a Zero Harm to employees, contractors, the public, and the natural environment.

Policy Objective Plan :

- To provide a workplace that is SHEQ equipped
- To cultivate a environment that is work-related incedent free
- Continuously improve Safety systems
- Set clear accountabilities for Safety
- Set Safety as our first priority
- Focus on addressing the needs and expectations of our customer and stakeholders.
- To reduce high-risk areas in the workplace

At Hydraulic Repairs & Field Services we are committed to enforce a safe and reliable work place where Safety is our first priority . No work will be done or attempted to be done if there is a Safety Risk hazard. Our focus is on moving the organization to engage in a process of learning so that all Safety and Health risks can be reduced to maintain a Safe-working environment.
